TO HAVE CLOSE TO HALF MILLION MEN

Pershing Will Have Force of That

Within a Month

JUNE TROOPS ARE TRAINING

Italians Drive Austrians Back Four
Miles Farther From Venice,
Taking Many Guns

(By United Press.)

Washington, July 8.—General Pershing will have more than a half million men under his direct command on the west front ready for the fighting line within a month, according to information received by members of the senate military affairs committee today.

The 251,000 Americans now in the fighting line, according to General March, chief of staff, do not include Americans brigaded with the British and French. In addition to these, who by the first of August, will be ready for battle duty.

The unprecedented speed with which Americans have been sent across, has caused a new effort to speed up the ordnance program which has been unable to keep pace with the shipment of troops.

Austrians Pushed Back

With the Italians in the field, July 8.—The latest Italian victory pushed the Austrians back four miles farther from Venice as the result of one of the most stubbornly fought actions of the war. In the west triangle of dykes and mud-filled canal of the lower Piave, Italian artillery aided in the victory of preventing the enemy bringing up food.

Thousands of soldiers fought in water up to their waists, often losing weapons and battling with their hands and teeth. In many instances Italian soldiers, with vaulting poles, leaped over the wire entanglement in front of machine guns and knifed the gunners. More than 1,300 machine guns and six trench mortars were taken.

Australians Advance Again

London, July 8.—Australian troops again advanced their lines on the Somme along a front line of nearly two miles. Field Marshal Haig reported today.

"The Australians last night advanced their line on a three thousand yard front, on both sides of the Somme," the statement said.

Paris, July 8.—An artillery battle along the fifteen mile front between Villers-Gotterets forest and the Marne was reported by the French war office today.

FAIR GROUNDS TO BE SOLD AT AUCTION

Public Sale of Property of Rush
County Fair Association is An-
nounced by Receiver

TO BE HELD SATURDAY, AUG. 3

A quick disposal of the Rush county fair grounds has been decided upon by the receiver, Charles A. Frazee who has announced its sale early in August.

The grounds which are located each of the city, will be sold at public auction Saturday afternoon, August 3 and the sale will be made at the front entrance of the court house. The sale of the grounds marks the close of a long period of hesitation on the part of the county fair officials to decide on the proper steps of procedure in connection with the disposal of the grounds. During the past few years the county fair has been a complete failure financially and it was decided unwise to attempt the fair this year, especially under the existing conditions.

SOME CORN IS TOTAL LOSS

Fields in Some Localities Not Recovering from Frost

Investigation of that part of the corn crop in Rush county which was bitten by the frost two weeks ago has disclosed the fact that several fields have been ruined completely.

Although the loss in any one locality was not considered extremely large, numerous fields have shown no signs of overcoming the effects of the frost as the tips of the corn were so badly injured that new shoots have failed to make their appearance. Although the effects of the frost were noticeable in all parts of the county, the Gings neighborhood is believed to be suffering from the effects more than other localities.

MUST BE READY FOR AUGUST ARMY CALLS

1918 Class of Registrants to be Examined Immediately, War Department Orders

CLASSIFICATION ABOUT DONE

The immediate classification and examination of the registrants of the 1918 class is requested in orders issued by the war department and received by the local army board, so that they may be available for August calls. After forty men are taken on the July call to fill the Camp Taylor quota, there will be nineteen left in class one here. The number was increased one. Saturday when James Arthur Hobbs was placed in class one, having been in class four because of three dependent children. Arrangements have been made to care for the children.

"The classification and physical examination of class one men should be given immediate attention," says the orders from the war department. "Local, district and medical advisory boards shall be directed to have class one available for August calls. Notices to appear for physical examination shall be sent to all registrants and local boards shall proceed to physical examinations without delay and continue to examine all such registrants as soon as they have finally been placed in class one until all have been examined."

The questionnaires of all of the new class of registrants have been returned to the local board and classification of the remainder was begun today.

SANITARY SURVEY OF CITY STARTED

Great Improvement As Result of
First Inspection Is Found by
City Officials

SOME IGNORE THE ORDERS

The survey of the city's sanitary conditions was begun this morning by Dr. J. B. Kinsinger, health officer, and Basil Seward, who was appointed by the city council to assist in the investigation.

A much better condition was found by the inspectors at this time than early in the spring when a similar investigation was made. Residences where unsanitary conditions were found on the previous inspection were revisited and in numerous cases found that the deficiencies had been remedied and that many of the residences were much more sanitary. Other places, however, where the conditions were the same as on the previous inspection, are being visited and the property owners notified that unless the conditions are bettered within a few weeks, the proper steps will be taken by the inspection officers at the expense of the property owners.

COUNTY PRAISED FOR ITS RECORD

J. D. Oliver, State Director W. S. S. Sales, Especially Congratulates
County Chairman

AS WELL AS HIS CO-WORKERS

Urges Organization Not be Allowed to Disintegrate But be Held Together For Further Work

Because of the remarkable results which were obtained by the War Savings Stamp organization in Rush county in the campaign which closed Friday night with a splendid oversubscription, J. D. Oliver, state director of sales, has sent urgent messages to the county leaders, asking them not to allow the organization to disintegrate.

The record which has been made by the Rush county organization, was not only a surprise to the committee itself but a credit to the district and state organizations, and the cash subscriptions have reached a per cent which has not been equaled in the district nor surpassed in the state.

The exact results of the entire county campaign, including the cash and future sales, will not be available for publication before the end of another week as the reports on futures especially must be tabulated carefully after they are reported at the local headquarters, and they have been somewhat slow in making their appearance. This is due largely to the fact that the farmers who had the campaign in various districts in charge, have been unable to return their reports because of the urgent work on the farm.

A letter from the state director of sales, in which he expresses his gratitude and extends congratulations to the entire county of Rush for the hearty co-operation in the recent drive, follows:

"As director of Indiana War Savings Committee I wish to give public expression through your columns of my earnest appreciation of the untiring efforts of County Chairman John A. Tittsworth and his zealous co-workers in the War Savings campaign, and particularly to the special effort which culminated in the drive on June 28 when your county was one of the first to reach its goal and 'go over the top.'"

"I congratulate the residents of Rush county on the enthusiastic and patriotic manner in which they have responded to the call of duty and I would especially urge that the splendid organization which has been built up in your county be not allowed to disintegrate but rather to be kept together for future work in which similar results will be wished."

LEAVE FOR ROSWELL, N. M.

Mr. and Mrs. Louis Hiner Will Take
up Permanent Residence There

Louis C. Hiner, who has been connected with the Daily Republican for several years as circulation manager, left today, accompanied by his wife, for permanent residence in Roswell, New Mexico. Mr. Hiner was first a carrier boy for the Republican and later went to work in the office after completing his high school education. In Roswell, he will be associated with Claude Simpson, formerly of this city, in an advertising agency and doing other publicity work.

TO RECALL REPRESENTATIVE

(By United Press.)

London, July 8.—Recall of the papal representative to Vienna which was demanded six months ago in connection with family troubles of Emperor Karl, will be carried out, according to reliable information from Rome today.

URGE OBSERVANCE OF BASTILLE DAY

Soldiers in Letters Written Back
Home Show Need of Celebrating the French Holiday

FALLS ON SUNDAY, JULY 14

Preparations French People Made to Observe Fourth Described by Soldiers

If the requests of Rush county boys in France are observed Bastille Day will be observed in Rushville with the floating of the flag of France much in the same manner as the Stars and Stripes waved over French homes on the Fourth of July.

Stories of the preparations which were being made in France for the observance of American Independence Day, contained in letters being received by Rushville people, indicate that the most enthusiastic demonstrations were manifest throughout the stricken country as they joined in the celebration of the birthday anniversary of their allied country.

"The tri-color emblem of France should be floated from every Rush county residence on Bastille Day—July 14," wrote an enthusiastic young Sammy from France, "if the people wish to show the Frenchmen over here that they appreciate the manner in which they made possible a true American demonstration here on the Fourth."

July 14 is the birthday of France and no finer tribute could be paid our allied democracy than for a demonstration to be effected. In many communities there will be extensive programs and demonstrations on a large scale but in Rush county where no active part will be taken in the chain of celebrations, French flags might be floated from the tops of buildings as a reminder of the birthday anniversary, many declare.

Americans in France will help France celebrate her sacred day but according to some of the American boys who are over there, this is not enough. As France observed our Independence Day in their land they are making an appeal to the people of the United States to unite in their celebration.

THRESHING BEGINS ALL OVER THE COUNTY

Many Outfits in Full Blast Today
Threshing Best Crop of Wheat
Raised in Years

ONE FARM AVERAGE 32 BUSHEL

Rush county farmers were "up and at 'em" shortly after day-break this morning and before noon threshing outfits in every part of the county were in full blast harvesting the most excellent crop of wheat the county has produced in a number of years.

Anxiety reigned early in the morning as the overcast sky threatened to hold up the work with a down-pour of rain, but later the sun made its appearance and soon the fields were dry enough for the thrashermen to begin work.

Wheat which was threshed the latter part of the week is coming in to the local elevators in a steady stream and in every case is registering far above the best mark set by the crop of last year. From twelve to thirteen per cent moisture is the average of each load, although much of the wheat contains even less moisture than that.

Ray Compton of Noble township is the first Rush county man to be admitted to the "thirty-bushel club." Mr. Compton announced today that his land produced thirty-two bushels and registers some above the standard of sixty pounds to a bushel.

ASKS BIDS ON FURNISHINGS

Social Club Will Sell in Pieces if No
Offers Are Made

Plans were adopted at a meeting of the executive committee of the Social club which was held yesterday, whereby a disposal of the club furnishings will be made soon.

The plan of selling all of the interior decorations of the club house and donating the proceeds to the Red Cross was the scheme decided upon by the committee in charge of the disposal. No definite action will be taken on the matter, however, until it has been ratified by all of the members of the club. An invoice of the goods was taken this afternoon and if a buyer can be found by the fifteenth of the month, they will be sold as a whole. If not, they will be sold at auction July 31.

LOYALTY IS KEYNOTE TO AN ARMY CAREER

Sergeant Earl Marlatt of Camp Taylor, Ky., Addresses M. E. Sunday School Sunday

CAMP CONDITIONS ARE IDEAL

Loyalty as the keynote to a successful army career was the subject of an interesting address delivered by Sergeant Earl Marlatt to the Sunday school classes of the St. Paul's Methodist church yesterday morning.

Sergeant Marlatt who, during a period previous to his entrance into the army, was especially active in the work in the local Methodist church, is attached to the personnel department of the depot brigade at Camp Taylor, Ky., where he has made rapid advancement since he entered camp several weeks ago.

Loyalty to one's country, one's self and one's God as the necessary assets for a successful career, were declared the most essential points in the life of a soldier by the young sergeant who along with his duties at the camp, is making a careful study of the life of a soldier.

The ideal conditions which exist in the camp were described by the speaker. "There is no need to worry concerning the morale of the boys," declared Sergeant Marlatt. "The surroundings for the men are such as to make the life a soldier is expected to live an easy matter."

The excellent food and general care which is taken of the health of the men by the medical department was spoken of in the highest terms.

AIRPLANE PASSES OVER CITY AT NOON

Noise of the Engine Attracts Many
People Who Witness Flight of
Large Red Machine

TRAVELS 1,000 FEET IN THE AIR

A large United States airplane, traveling west, went over the north part of Rushville just at twelve o'clock today and hundreds of people, attracted by the noise of the engine, rushed outdoors to catch a glimpse of it. The engine could be heard distinctly for several blocks.

Cary Jackson, 1207 North Main street, saw the machine approaching from the east and witnessed its flight over the city. He estimated that it was traveling about one thousand feet above the earth and followed a course directly west over Twelfth street. Mr. Jackson said the machine was red and that large white letters were painted on it, but that he could not read them. One Sunday last summer two machines were visible from here, north of the city.

NO INTERVENTION IN RUSSIA BY ARMY

Trade and Business Experts, Supported by Troops For Police
Purposes, to Restore Order

GERMAN AMBASSADOR KILLED

Germany Will Demand Right to Police
Moscow and Petrograd as
Result of Assassination

(By United Press.)

Washington, July 8.—An army of trade and business experts, supported by a police board of interallied troops, will be sent to Russia to aid in establishing order. This program has been definitely determined upon and will be put into effect soon, it was stated semi-officially today. There will be no military intervention now.

Negotiations are under way between the allied powers to determine the best and quickest means of assembling the needed troops. It is not possible to use the Czechoslovak troops now in Vladivostok as a nucleus for the force because in their Siberian fighting, they have become "combative troops" in the eyes of some Russian factions.

President Wilson has asked Secretaries Wilson, Houston, Redfield and Lane to submit a list of men who would constitute suitable experts on the mission.

The personnel of the mission will be announced within a week.

The police forces must be solely protective, it is stated. Mobilization of this police force is the sole problem holding up the Russian plan now. Since a large appropriation may be necessary to finance the expedition, it is likely President Wilson will be forced to go to congress to outline his proposal and his needs.

Charges Work of Entente

Stockholm, July 8.—Germany will demand the right to police Moscow and Petrograd, under guise of maintaining order as the result of the assassination of Count Mirbach, German ambassador to Russia, according to information here today.

The Germans, who charged that the murder is the work of the entente, will further demand free passage of troops to the Murman coast by way of Petrograd. The Russian inhabitants of that place have declared their allegiance to the allies and are expected to join forces with the allied troops starting the supply base there.

The Bolsheviks either will accede to the German demands or will abdicate. The former action is probable.

The Russian Baltic fleet is in peril of capture unless the sailors blow up their vessels.

Great Excitement in Germany

Copenhagen, July 8.—There is great excitement in Germany over the assassination of Ambassador Mirbach. German newspapers agreed that the Bolsheviks are not responsible.

Newspapers declare that the assassination of Mirbach will have a great influence on the relations of Germany and Russia.

Fearing demonstrations, military police are guarding the Russian embassy in Berlin.

New Revolt in Moscow

Copenhagen, July 8.—A serious counter revolution has broken out in Moscow, according to a dispatch carried today by the Wolff Bureau, the semi-official German news agency.

Severe street fighting is going on between the Bolsheviks and the social revolutionaries, with the former getting the upper hand.

To Break Relations

Amsterdam, July 8.—The kaiser hearing of the assassination of Ambassador Mirbach, will demand the right to police Moscow and Petrograd, under guise of maintaining order as the result of the assassination of Count Mirbach, German ambassador to Russia, according to information here today.

To Weak to Work

Vermont Woman Tells How She Regained Her Health

Albany, Vt.—"I was run-down, no appetite, and too weak to do my housework—medicines did not seem to help me until I tried Vinol—I soon noticed an improvement, and am now well, strong and able to do my work."—Lillian Babba.

The reason Vinol was so successful in Miss Babba's case, is because it contains beef, and cod liver peptones, iron and manganese peptones, and glycerophosphates, the very elements needed to build up a weakened, run-down system, make rich, red blood and create strength.

40-Year Loans on Farm Lands

—provide money for additions and improvements which will help win the war.

IF you have wanted to build a silo, buy a tractor, make other farm improvements or purchase other farm land, do it now and help win the war. Our new Government plan of making 40-year farm loans provides a prompt way to get the money, and a safe, sure, easy way in which to repay it.

The United States Government is depending upon the farmers now for a service that is vital to the security of the Nation. Uncle Sam is depending the largest possible crops and absolute efficiency in harvesting them. Farm improvements and labor-saving machinery are essential in this effort. The money with which to accomplish these patriotic results is now available.

Under Government sanction, our joint stock land bank is lending money on Indiana and Illinois farms for 40-year periods. This long period protects you against the expense and risk of renewals incident to loans of 5 years or less.

The borrower will pay \$66.46 annually for each \$1,000 he borrows, the interest rate being 6%.

This annual payment includes interest

and such sum for application on the principal that the entire loan will be paid off at the end of the 40 years.

After five years from the date of the loan additional payments for the reduction or extinguishment of the principal debt may be made on any installment date.

Applications will be given prompt attention, and if the loan is accepted you will get the money in the shortest possible time.

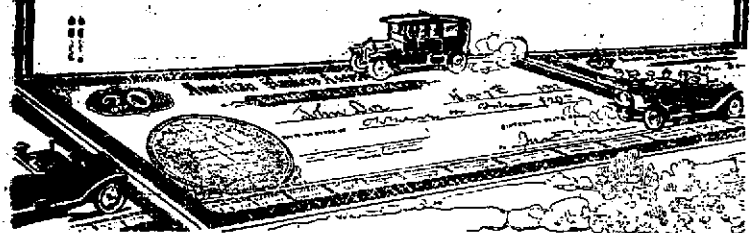

We are ready to receive applications for and make loans of this character through the Fletcher Joint Stock Land Bank, which is the only one in Indiana. We will be glad to have your application, or to consult with you and furnish any other information that may be desired. Call and see us.

Plenty of Heat and a Big Saving of Fuel

No more bother with
stoves or grates.
Single register fur-
nace heats whole
home. Burns any
fuel and less of it.

THE Williamson Pipeless Furnace
with a single register sends gener-
ous warmth coursing all through
your home. It saves the bother of
stoves and grates and consumes less
fuel. Burns hard or soft coal, coke or wood.

THE WILLIAMSON PIPELESS FURNACE

has solved the heating question on the farm.
It can be installed in old or new homes with-
out tearing up the floors and walls for pipes
and flues. It goes into the cellar but does not
heat it—all the heat goes up through the
register—there's no waste.

The Williamson Pipeless Furnace has proved wonderful
in hundreds of farm homes. It is well-built and the
strong Williamson guarantee goes with it. Come in
and see one.

Dowagiac Steerable One-Horse Disc

The Dowagiac is in a class by itself, in ad-
vance of all other one-horse drills, because
it is easily guided. The front wheel is a
caster wheel permitting a short turn with-
out lifting the drill and making steering be-
tween crooked rows easy. The Dowagiac
five disc is self-guiding. It trails so per-
fectly that when the horse is driven midway
between the corn rows the driver need not
touch the handles and at the ends of rows
the drill follows the horse in making the
short turn.

Another Costly "Bureau"

The United States employment
bureau, without any apparent reason
for existing at all, even under the
pretext of a war emergency, received
\$7,590,239 in the sundry civil
bill. The appropriation is ten times
as great as the original estimates of
the expenses for the bureau.

In December last the book of es-
timates of federal appropriations
carried an item in the sundry civil
bill of \$750,000 to enable the sec-
retary of labor during the present
emergency to furnish information
and render assistance in the employ-
ment of wage-earners throughout
the United States as may be deemed
necessary in the prosecution of the
war. This was approved by the sec-
retary of the treasury, in accordance
with law. But soon thereafter a
supplemental estimate was sent to
the house committee of appropri-
ations increasing the sum to \$1,250,-
000 and on June 17 the house in-
creased the item to \$1,500,000 and
passed it. This so encouraged the
labor department that on June 21
the acting secretary of labor decid-
ed to follow the example of other
departmental chiefs, and a letter
was sent to the acting secretary of
the treasury requesting the appro-
priation be increased to \$7,590,239
because of the "very great expen-
ditures and activities where were not
contemplated at the time the esti-
mates already submitted had been
prepared." This request was for-
warded to the vice-president, ap-
proved, under the date of June 21,
and laid on his desk until June 24,
when it was referred to the senate
committee on appropriations and or-
dered printed. Remarkable to state,
on that very same day the item was
passed by the senate and went to
conference. No one, of course, had
time to read the report, and the pub-
lic knew nothing about it. But \$7,-
590,000 is such a small sum these
days that no question was raised.

The senate amended the purpose
of the appropriation "to aid in the
standardization of all wages paid by
the government of United States and
its agencies," with a provision that
no money now or hereafter appro-
priated for the payment of wages
now fixed by statute shall be avail-
able to pay wages in excess of stan-
dard agreed upon by the war labor
policies board. So, with the war la-
bor board, the commissioners on la-
bor mediation and conciliation, and
the war labor policies board on the
job, the only discoverable function
for the U. S. Employment service,
by which it could account for its ex-
penditure of \$7,590,000, would be to
follow up the action of the war la-
bor policies board in standardizing
wages by traipsing over the country
to see if the board's decisions were
being properly carried out. And to
do this the employment service has
provided for 98 directors at \$2,500
each annually; 482 directors at
\$2,000; 200 traveling examiners at
\$2,000; 3,031 clerks at from \$1,020
to \$1,700; 600 janitors, and 80 mes-
senger boys. This is bureaucracy
gone amuck, and yet with method in
its madness if these traveled-paid
minions should keep their fingers on

"No Nonsense"

By CHARLES DRISCOLL

"I'll stand no nonsense from the
Yanks

When this big war is done:
I'll make them open up their banks
And ladle out the mon!"

The bully by the River Rhine
Smote hard his royal hip,
As he slammed down his royal stein
And bit his royal lip.

"Those tango lizards one day will
The violinist pay,
As sure as I am Bloody Bill!"
Thus did All-Highest say.

Thank God, the lizards didn't wait
As Wilhelm thought they would.
But started with their nonsense gut
While starting still was good.

As things are going now in France
It really doesn't seem
That Bloody Bill will have a chance
To realize his dream.

The lizards in their khaki suits
Are treating Wilhelm rough,
The nonsense that their cannon
shoots
Is pretty nasty stuff!

U. S. DEPT. OF AGRICULTURE

Rhubarb

Because of its extreme acidity,
rhubarb can be canned safely with-
out boiling (processing). Rhubarb
should not be canned in ordinary
metal or in jars with ordinary metal
tops. Only glass or specially inside
enameled cans may be used.

Select young, tender rhubarb and
cut either into 2-inch pieces or into
lengths to fit the jar when placed
vertically. Pack in sterilized jars
in vertical rows. Cover with fresh
cold water and allow jars to stand
10 minutes. Drain off the water
and again fill to overflowing with
fresh cold water. Use cleansed rub-
ber, put in glass, cap and clamp at
once. In the far South rhubarb
should be boiled (processed) in a
hot-water bath (pints 10 minutes,
quarts 20 minutes) at boiling.

Since rhubarb contains much water
a better and more economical pro-
duct could be secured by canning
rhubarb sauce. Cut the rhubarb
into 1-inch lengths and steam until
tender. For each quart of sauce add
half cup of sugar. Pack hot in steri-
lized jars. Partially seal. Boil (pro-
cess) quarts for 10 minutes. When
jars are cold, test for leaks. Store
in a cool, dark, dry place.—U. S.
Department of Agriculture.

A War Savings Stamp a month
will give the Kaiser a bump.

What Is a War Savings Certificate?

A War Savings Certificate is better than dollar bills. No
matter how long you keep dollar bills in your pocket, they are
worth their original value only. But a War Savings Certificate
INCREASES in Dollar Value.

When the Certificate is filled you have 20 War Stamps,
bought at your convenience, for a total now of \$83.60. At the
end of five years the Government redeems each full certificate for
exactly \$100.00.

You obtain over \$16.00 interest for lending your money.
You do not miss the money you subscribe, for you loan it at odd
times to suit your convenience. Could anything be fairer?
Especially when every dollar you lend helps shorten the War.

We offer you every facility for the purchase of War Savings
Certificates and every class of War Loan investment.

THAT BAD BACK

Do you have a dull, steady ache in the small of the back—sharp, stabbing twinges when stooping or lifting—distressing urinary disorders? For bad back and weakened kidneys Rushville residents recommend Doan's Kidney Pills. Read this Rushville statement.

Mrs. Joseph S. Endicott, 125 S. Harrison St., says: "Sometimes I overdid at my housework or took cold and it was just at such times as that, I had trouble with my back. My back would get so lame I was miserable and everything in the way of work wore me out. When stooping, sharp catches would seize me across the small of my back. Doan's Kidney Pills, which I got at Pitman & Wilson Drug Store never failed to cure me of those attacks."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Endicott had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (Adv.)

Seventy-seven relatives and friends gave a pitch-in dinner yesterday, honoring Mrs. Eliza Newhouse, who is 81 years old, at her home in East Second street. The dinner was served in the spacious yard at the rear of the house on tables improvised from trestles and wide boards. Many bouquets of sweet peas arranged in vases and french baskets, adorned the long tables. Among the guests who motored to this city were: Mr. and Mrs. Garland Newkirk and children, Mr. and Mrs. Verl Bebout, Mr. and Mrs. Lewis F. Newhouse, Mr. and Mrs. Wyatt Shuck, Mr. and Mrs. B. H. Rokey, Mr. and Mrs. James Ronack, Mr. and Mrs. O. P. Tyner, Mr. and Mrs. O. G. Ronack, Mr. and Mrs. J. G. Ronack and children, and Mr. and Mrs. Al Ronack, all of Sharpesville; Mr. and Mrs. E. L. Tyner, Mr. and Mrs. Montrose and daughters, Mr. and Mrs. Luther Newsum, Mr. and Mrs. John F. Duncan, Mr. and Mrs. James Tyner and Charles S. Duncan, all of Greenfield; Mr. and Mrs. William Heidenreich and children of Indianapolis; Mr. and Mrs. M. E. Newhouse, Mr. and Mrs. H. R. McManus, Mr. and Mrs. Chase Manzy and children, Mr. and Mrs. Jim Newhouse, Mr. and Mrs. Alva Newhouse and children, Mr. and Mrs. J. A. Stevens, Mr. and Mrs. G. P. Manzy, Mr. and Mrs. Lon Newhouse, Mr. and Mrs. Knowlie Newhouse, Mr. and Mrs. Milton Gordon, and Walter A. Newhouse.

Miss Mary Louise Foster, daughter of Mr. and Mrs. B. L. Foster of Indianapolis, whose wedding to William Linden Hudson of the headquarters company of the 139th Field Artillery, took place at Hattiesburg, Miss., June 29, is a former Rushville girl and will be remembered by many old friends here. The bridegroom is stationed at Camp Shelby, Miss., and his company is commanded by Capt. John H. Kiplinger of this city. Mr. and Mrs. Hudson will make their home at Hattiesburg as long as Mr. Hudson remains at Camp Shelby. Pictures of Mr. and Mrs. Hudson appeared in the Indianapolis Sunday Star.

A picnic party composed of Mr. and Mrs. Wayland Wolcott, Mr. and Mrs. William Plessinger and daughter, Mr. and Mrs. Esta Webb, Mr. and Mrs. Willis McClintock, Mr. and Mrs. Chase Sadler and Miss Lucile Walters motored to Norris' Ford north of the city, yesterday where they enjoyed a delightful picnic dinner. The splendid chicken dinner was spread on the lawn at noon.

Mrs. Minor Bell will entertain the members of the Plum Creek C. W. B. M. Wednesday afternoon at 2:30 at the home of her father, Alphonso Nelson. Mrs. Fred Bell will be the leader and as this is the initial meeting for the new year and the officers who were elected at the last meeting will begin their duties, all members are urged to be present.

Miss Eva Stencil of Connersville Mr. and Mrs. Jesse Scott, Mr. and Mrs. Theodore Abercrombie, and Mr. and Mrs. Walter Duke, motored to the home of Mr. and Mrs. Wilbur Warner, southwest of the city, where they were entertained at dinner, yesterday at noon.

The members of the executive committee of the Woman's Missionary society of the Main Street Christian church, will hold their regular meeting tomorrow afternoon in the church parlors, at three o'clock. Both old and new officers are urged to be present.

The members of the Happy-Go-Lucky club will be entertained by Miss Emma Blackledge, Wednesday afternoon at her home in North Harrison street.

Mr. and Mrs. John H. Spurrier celebrated their fiftieth wedding anniversary Sunday. The occasion was celebrated under very unusual conditions, as the home from which Mr. Spurrier took his bride fifty years ago, is still the old family home and it was in this same home that the family spent the day. Mrs. Miriam Daily, mother of Mrs. Spurrier, although eighty-eight years of age, was able to enjoy the gathering of her own sons and daughters, her grandchildren and her great grandchildren.

The beautiful country home of Mr. and Mrs. A. T. Junken northwest of the city, was the scene of a prettily appointed social affair last night when their daughter Josephine entertained with a six o'clock-finecheon. Covers which were marked by dainty place cards, were laid for the Misses Naomi Newhouse, Helen Bell, Muri Rhodes, Gladys Trowbridge, Ruth Bitner, Esther and Mary Junken and Randolph Webster, Byron Benner, Wilbur Gray, Russel Carfield, Paul Parrish, Roy Beegler and Clarence Newhouse.

Miss Ethel Oakley, daughter of Mrs. E. E. Oakley, of North Perkins street, and Lawrence Knecht, son of Mr. and Mrs. William Knecht, living north of the city, were married last Wednesday night in Newport, Ky. Both young people have always lived in this county and are well known. Mr. Knecht is employed in the Cozy Cafe and for the present, Mr. and Mrs. Knecht will reside at 813 North Perkins street.

Mrs. Sarah Ball of North Jackson street entertained at her home yesterday in honor of the Rev. E. H. Wood of Indianapolis who had charge of the services at the St. Paul's Methodist church in the absence of the pastor, the Rev. Clyde S. Black.

Mr. and Mrs. J. B. Pusey entertained at dinner Sunday, the following guests: Mr. and Mrs. C. W. Pusey and daughters Katherine, Bessie and Lora, of Hancock county, Mrs. Vernice Kitterman of Shirley, Ind., and Mrs. Minnie Gist of Shell City, Mo.

Miss Marie Wysong and Mrs. Robert Roberts and daughter Betty Jane, of Connersville, were guests of Mr. and Mrs. Earl Robertson Sunday.

Miss Marian Sparks will be hostess to the members of the Psi Iota Xi sorority tomorrow night at her home in North Main street.

A boy was born to the wife of Wilbur Stiers Saturday night. The child has been named John Evan.
